

# The Dansbury Depot Memory Project

We are assembling stories, memories, and artifacts related to the Dansbury Depot train station and invite you to send us yours.

At this time, the precious documentation will be collected to create a public website as a testament to the importance of this depot in the collective hearts and memories of the residents and travelers who have come through this region and interacted in some way with this place. In the future these may become part of a presentation, exhibit, or publication to preserve the memories for future generations.

We invite anyone with a story to submit it by email to [susan.bonser@gmail.com](mailto:susan.bonser@gmail.com) or by mail to Susan Bonser, PO Box 427, Saylorsburg, PA 18353. Your stories may be submitted as text, with accompanying photos and/or video. You can tell your story in video by submitting a link to uploaded video at repositories such as YouTube (save your original video for us). We are planning to visit area nursing homes to collect video stories and memories. If you are not able to submit your story to us or know of someone who has memories of trains in the area, and would like us to come to you and video your story, please let us know.

*Please include the following information with your submission:*
